

# Entity Pro 7.4kW Home Charging

## Most flexible Charge Point on the market

Movable socket to facilitate charging from either side

### Suitable for:

- Homes
- Apartment Buildings
- Workplaces

## Key Features

- Eligible for SEAI Domestic Grant (in process)
- Smart Bracket for Fast Installation
- Nationwide Technical Support
- RFID/4G/ Wifi/LAN Enabled (2yr Sim included for support)
- App for Control and Monitoring
- OCPP 1.5-1.6 (ready for OCPP2.0)
- Load Balancing (wireless and wired options)
- Integrated Meter (MID optional)
- Over current Protection
- Short Circuit Protection
- AC & DC leakage Protection
- 2 Year Warranty & Remote Monitoring
- Full Third party Certification (TUV)

# Technical Specification

<b>Charging Mode</b>	Mode 3
<b>Socket or Tethered</b>	Tethered 5m or 8m
<b>Lead AC Output Current (A)</b>	6A to 32A
<b>Power outlet [kW]</b>	7.4kW
<b>Rated voltage [VAC]</b>	230V
<b>Frequency [Hz]</b>	50
<b>Temperature range [C]</b>	-25...+40
<b>Degree of protection (IP)</b>	54
<b>Weight (KG)</b>	4.2
<b>Location</b>	Wall or Stand
<b>DC Monitoring</b>	Standard
<b>Load management</b>	Standard with optional sensor required
<b>Local Meter</b>	Internal Electronic Standard, MID Optional
<b>Communication</b>	4G, LAN, Mesh WiFi
<b>RFID</b>	Standard
<b>Protocol</b>	OCPP1.5 / 1.6
<b>Certification</b>	EN 61851-1, IEC 61439-7 ISO 15118
<b>Dimensions</b>	H x 340 x W 150 x D 150
<b>WEE Directive</b>	2012/19/EU

Powering the future
